**Semester 1 Reports 2015**

Reports will be sent home with children in week 9. Preschool children will receive a developmental report. If your child is in Kindergarten you will receive the school report. Children in Year 1-6 will receive the school report and an A-E report.

As parents/carers you have the option of withdrawing your child from the A-E reporting process. This means that your child will still be awarded an A-E grade in the key learning areas, and a copy of the A-E report will go onto their school file. However, an A-E report will not be sent home with your child. You will receive only the school report.
If you choose to withdraw your child from the A-E reporting process, please advise the school in writing. Interviews will be offered in week 10. There will be more information to follow later in the term.

Please indicate below whether you require duplicate copies of your child’s report.

Community News

Lifecycle
Lifecycle is a community cycling event in its fourth year that promotes awareness of the essential work of the Leukaemia Foundation. Lifecycle raises funds towards the construction and operation of a purpose-built Village in Canberra that will provide care and accommodation for patients from the ACT/NSW region.
This year’s Challenge will include a host of exciting events, including a Guinness World Records attempt for the longest single moving line of bicycles.
The annual Community Cycling Festival is a leisurely challenge around Lake Burley Griffin on Saturday, 24 October 2015.

John James Village
Much of the funds raised by Lifecycle go towards the John James Village project. This major is being undertaken to support the Leukaemia Foundation and will initially provide six home-like self-contained units, in fully landscaped surroundings in the Canberra suburb of Garran. The complex will include accommodation for patients’ families and carers to also stay on-site to provide the extra support that is so vital for recovery. Some patients are quite young and some have young families so there is a need for multi-room units.
